Alexandria, VA 22313-1450

Subject: Information disclosure statement under 37C.F.R. §1.56.

20 Dear Sir/Madame:

25 This is an Information Disclosure Statement in accordance with the
duty to disclose information material to patentability under 37 C.F.R.
§1.56. Applicants wish to make of record the document listed on the
accompanying form PTO/SB/42. It is respectfully requested that the
examiner initials the cited reference on the form and that it be made of
record in the application and that a copy of the initialed form be sent to
the applicants with the next communication from the examiner.

30 Since the IDS is filed before the mailing date of any of a final action
under § 1.113, a notice of allowance under § 1.311, or an action that otherwise closes
prosecution in the application, and it is accompanied by a statement stating that the

information contained in the information disclosure statement was first cited in a communication from the State Intellectual Property Office of the People's Republic of China not more than three months prior to the filing of the information disclosure statement, consideration of the information disclosure statement is hereby requested according to 37 C.F.R. §1.97(c) and the fee set forth in § 1.17(p) should be waived. Applicants sincerely hope that the examiner can consider the item contained in the information disclosure statement.

According to the requirement set forth in 37 C.F.R. §1.98 and M.P.E.P. 609, applicants are submitting a copy of the cited reference (CN 2419664Y), and English translation of the title and abstract of the cited reference as follows:

Super VCD player upgraded by software

15

The present utility model relates to a VCD player. The VCD player adopts such a structure form that a central processor provided in the MPEG decoder becomes the single central processor in the whole system to control the whole system. The program memory is electrically erasable rewritable memory or flash memory, in which boot-strap program module and upgrade program module are stored, with the boot-strap program module including code segments for recognizing upgrade disc. When a user upgrades the super VCD player using the software in the upgrade program memory, not only the decoding program module is upgraded, but also the system control module including the control of the digital servo is upgraded.

Respectfully Submitted,
